Hey Nigel,

No idea what happened, but I just found your e-mail in my joint folder after a colleague told me several of our e-mails were having the same issue.

Have you been able to follow our media calls and get our releases over the weekend?

Let me know, R.

Would you also be the person to take questions on Superfund stuff, or if not, can you direct me to who does?

-Nigel

Got it. So you're LA Times, but based in South Florida? Just asking so I know what mailing lists to put you on. Do you usually cover environmental issues?

Sure thing. This is the best email and phone is 305.903.8614, though service in Silverton has been spotty.

Hullo Nigel,

Yes, of course. Could you send me complete contact info? With phone numbers, anything else.

Thanks, R.

Robert,

Can you add me to the distribution list for the Gold King Mine story?

Thanks,

Nigel
